[Click for Material Properties](#)

ResinMold®

A Flexible synaptic polymer for vaulted or curved ceilings Interior & Exterior Use

[Click for Material Properties](#)

A Unique Idea

The center medallion is applied first.
The flat portion between the outer ring and the medallion is the flat ceiling. Paint the drywall between the ring and the medallion the same color to make it look like a large medallion. Rings can be purchased separately to apply to existing medallions without taking the chandelier down

* All prices & specifications subject to change without notice, Final products & Measurements may vary from this brochure
* Chandelier when shown is not included
